New website, making you more powerful

I was fidgeting with excitement awaiting the launch of our brand new website, and guess what... IT'S HERE!

I now have a fancy new gizmo to distract me! However, for you I'm sure you're wondering why you should care whether or not we have a new website? Well, let me tell you, the answer is... **Knowledge!**

As the saying goes, 'Knowledge is Power'. So with that in mind I thought I would 'power you up' by adding a new feature to the new website which is filled with invaluable information all with the aim to save you money, save you time and benefit you and your organisation. Here's the link to have a look: www.w-fp.com/resources

I really would love to know if any of the resources help you out at all. Also, let me know what you think of it all and if you have any recommendations or would make any changes.

We are really looking forward to transferring the new site to the www.w-fp.co.uk URL (where the current site is), and when we do, I will let you know so you can properly check it out.

COMPETITION: Multiple choice 'monitoring' quiz

The return of the multiple choice quiz where you only have to tick one answer for each question. There will be two prizes this month, a wooden spoon for the runner up, and a £25 AMAZON VOUCHER for 1st place.

Either scan or take a picture of your answers and send them to: feedback@w-fp.co.uk

All correct entries will be placed into our prize draw. The winners will be picked live on our Facebook page.

The deadline for sending your word search to us is 23rd January 2017.

- What is monitoring?
 - a. The way in which your system automatically calls the Police and Fire Brigade.
 - b. A method of knocking down a building.
 - c. The way in which employees check that their bosses are doing their jobs.
 - d. The process for riding a unicycle round a velodrome track.
2. Which of the following cannot be monitored?
 - a. Fire
 - b. Intruder
 - c. CCTV
 - d. Banana
3. Which of the following is not a brand of monitoring?
 - a. Bluecare
 - b. Dualcom
 - c. Emizon
 - d. Redcare
4. Why do people monitor their alarms?
 - a. To automatically call for help, i.e. Fire Brigade, Police or Keyholder.
 - b. To watch what is going on in their building.
 - c. To turn their emergency lighting on the event of a fire.
 - d. To check that all the doors in their building are shut and remain shut.

@Work

We're delighted to welcome a new member to the WFP team - **Scott Wright**. Scott joined us as our Contracts Manager to add a lot of technical knowledge to the already very technical team. With over ten years industry experience, Scott is going to be a fantastic asset.

We caught up with him and grilled him so you can get to know the real Scott:

Q1. If you were stuck on a desert island and could only bring three things with you what would they be?
A hammock, a good book and plenty of Jack Daniels Honey.

Q2. If you could have a superpower what would it be and why?
To pause time, because there are never enough hours in the day.

Q3. If there were a movie about your life, who would play you and why?
Bruce Willis – because he always gets the job done and often has the battle scars to show for it.

Q4. What was the last gift you gave?
With three young kids and Christmas recently over with - its hard to say, most likely one of the many toys I find myself tripping over.

Q5. Who do you follow on Twitter and why?
Being one of the rare people who doesn't use twitter - currently no-one. I prefer to set an example and follow my own ambitions, not someone elses.

Q6. Who is your Idol?
Anyone who understands the meaning of effort and is prepared to push themselves to succeed.

Top Tips - Cut out & keep guide: Your best year yet!

So you're looking for a highly successful year, your best year yet! Well fear not there is a simple, but ever so important way that we can help you to achieve this. So if you would love to have a safe, hassle-free and cost effective year, you're in the right place!

Carry out the 3 tasks below and use this page to tick them off once done:

1. KNOW YOUR RESPONSIBILITIES

We have written a list of responsibilities you have being in charge of your buildings fire and security systems. You can access this at: goo.gl/CXtwZP

This web address is case sensitive – please type with care.

- **HASSLE-FREE AND SAFE**

2. MONITOR YOUR BUILDING

This means that when no one is in your building, the alarm system will automatically call the police or fire brigade if the alarm is set off.

- **SAFE**

3. REQUEST INFORMATION ON THE 'ALL IN ONE SERVICE'

The All In One service will save you hours in administration time and save you money without cutting back on any services, if you have more than one of your fire and security systems maintained by us. Find out more at www.w-fp.co.uk/AllInOne

- **COST-EFFECTIVE AND HASSLE-FREE**

Once you've got ticks in all the boxes above, you can then look forward to your safe, hassle-free and cost-effective year. **HAVE A GREAT ONE!**
